

Ceres Turf, Inc.

CTI Technical Information Bulletin

October 14, 2008

Once again, Chris Crapo (**Turf Enhancer** – Central NC, Western VA, & Eastern TN) has a *very* satisfied customer. **Paul Hood, GCCS** at **Willow Creek Golf Course** in Knoxville, TN tried our 5/8 X 4 ½ X 3/4” Side-Eject w/ Carbide tip (1CS-624575). Paul used them on the Toro 648 and was *“thrilled”*. Paul said of our tine 5/8” coring tine, *“it was the best tine I’ve ever used”*. Attached are a couple of pictures Paul and Chris too after the aerification.
